

# **SAP Ariba Mediaproveedor. User Guide. Supplier Portal Registration.**

Grup Mediapro has developed this guide to facilitate the completion of the steps needed to register as suppliers in Grup Mediapro through our new SAP portal Ariba - Mediaproveedor.

To be able to fill in Grup Mediapro external questionnaire through the platform, you will have to register previously in the Ariba portal.

**Follow these steps to complete our registration questionnaire:**

- 1- You need to receive an invitation from your direct contact at Grup Mediapro to register in our system. Find following an example of the invitation you should receive (depending on the language you have configured):

## GRUP MEDIAPRO, S.L.U.

14- Once you have received this email, you will be registered in our supplier portal.

### Remarks

Some of the questions are mandatory (marked with an asterisk) and some are optional. Remember that if you do not complete the mandatory questions, you will not be able to send the questionnaire to us for processing the creation or for updating your data.

Some of the questions have explanatory texts or validation rules (i.e. emails addresses formats, tax identification numbers...).

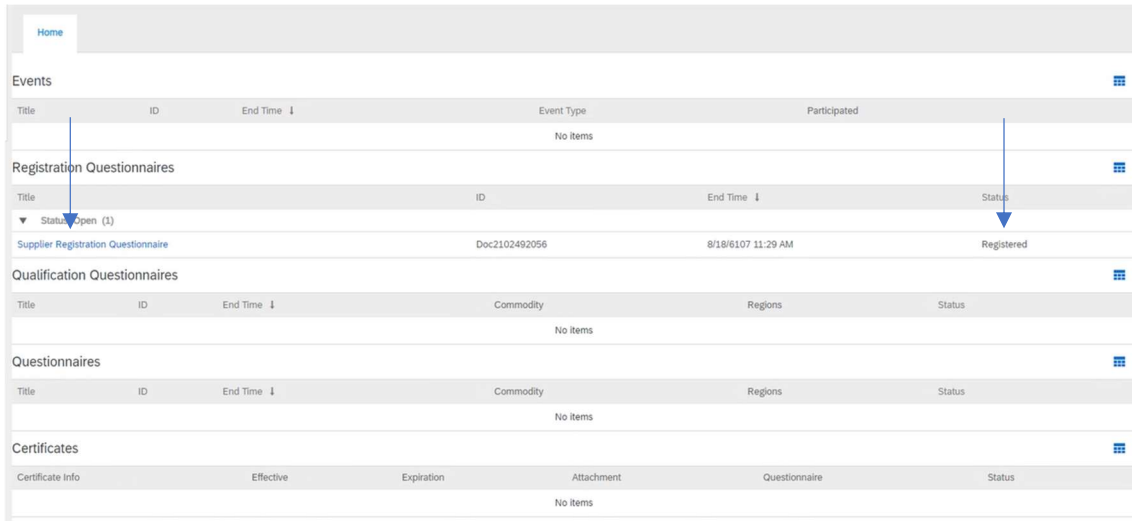

Please do not forget to attach the mandatory files requested in some of the questions. If you do forget, you will receive an error message requesting the specific documentation.

### Where can you check the status of your requests?

You will be able to check questionnaires status and pending tasks in the events panel. See an example below:

In case so, please proceed with the following steps:

- 1- Access the questionnaire you need to update.
- 2- Click on 'Revise Response'.

3- A pop-up will show up asking if you want to review the answer and proceed with any modification:

4- Once you have modified the data, you will have to send the questionnaire again:

Any modifications will be validated internally and updated in the system.

### How may you manage the certification / homologation process?

Once suppliers are registered and their data has been validated in the system, additional documentation will be requested (if necessary) for their certification and homologation. This will be needed to guarantee the payment of the invoices recorded in our system.

In this case, you will receive an email requesting the completion of certain documents and certificates.

You can always access through the link included in the email you may receive, or by accessing the Ariba portal in the corresponding section:
